## SENATE TAKES UP CUBAN BILL

### REFERRED TO COMMITTEE ON FOREIGN RELATIONS

### Democratic Senators Decide to Consider Bill on Its Merits and Offer no Tariff Amendments—Capital Notes.

Washington, Nov. 20.—The senate held its longest sitting of the session to day, beginning at noon and concluding at 2:15 p. m. The entire time was consumed in debating a motion to refer the Cuban reciprocity bill to the committee on foreign relations. Political lines were sharply drawn, Republicans advocating such reference and Democrats contending the measure should go to the committee on finance. A motion prevailed without division.

The debate served to bring out some incidental references to the merits of the bill. Teller took occasion to correct published reports that he has hope of defeating the bill or that he intends unduly to obstruct its consideration.

Allison and Aldrich announced willingness to have the bill go to the foreign relations committee, but they united in expression of opinion that such reference would form no precedent for reference of similar bills in the future. Allison also stated there was any purpose of revising the tariff by reciprocity treaties.

NO TARIFF DEBATE. Democratic senators at a caucus this afternoon decided to consider the Cuban bill on its merits and confine discussion of the bill itself without bringing in collateral questions. This means no tariff amendments will be offered and the tariff question will not be discussed. Democrats are not abandoning the fight on the tariff, but believe they can reach the tariff in another way. The attitude of the Democrats means early action on the Cuban bill and prospects are for final adjournment of the extra session on Wednesday with agreement to vote after a week of debate in regular session if Republicans make the minority such a proposition.

HOUSE MAY OPPOSE. The suggestion has been made that time vote on the Cuban bill in the senate fixed for about the middle of December and that the extra session adjourn early before Thanksgiving. Strong opposition to this has developed in the house around the special session was called for a special purpose and it would be discourteous to the president to adjourn before final action is had on the Cuban bill.

COMMITTEEMEN. The Democratic caucus to day selected the minority's representation on senate committees. Morgan retains his position as the chief committee and with him are Mack, Tulliferro and Gorman.

For foreign relations there were named Bacon, Money, Clark (Mont.), Teller, and Gorman.

Finance was made member of finance, Mack, Teller, Money, Bailey, and Gorman.

Minority membership of finance committee—Daniel, Teller, Money, Bailey, and Gorman.

Appropriations—Cockrell, Teller, Berry, and Gorman.

Improvement Mississippi river—Bate, Berry, and Gorman.

Indian Affairs—Morgan, Dubois, Clark, and Gorman.

Postoffice and post roads—Clay, Cullison, Tulliferro, Simmons, Gorman.

Public lands—Berry, McHenry, McLaurin, and Gorman.

PANAMA MUST ACT FIRST. Washington, Nov. 20.—The cabinet to approved the decision of the president Secretary Hay that the government Panama must ratify the canal treaty before action relating to its ratification by senate is taken. It is expected the treaty will be returned to Washington during the seal of the Panama government early in December. The president will transmit the treaty to the senate in a request for its ratification.

CAPITAL NOTES. Senator Newlands today introduced a motion inviting Cuba to become a state of the United States upon terms of equality with states of the union. It provides that Rico shall become a province of Cuba.

The Iowa delegation was unable to agree with a judge for the northern federal district of Iowa at their meeting to day and adjourned until Monday.

This afternoon, accompanied by Secretary Hay and Minister Varilla, the Panama commissioners called at the White House and were received by President Roosevelt in the blue room. Prestations were made by Secretary Hay, call was brief, the visitors desiring only to pay their respects to the president.

Amador carried with him a small Panamanian flag, which he presented to the president with the hope he would wear it. The president at once pinned it on his lapel and thanked Amador for the gift. The president congratulated the commission having so able a diplomat as Varilla to represent the republic at Washington.

## APPEALS OF COLOMBIANS

### REJECTED BY THE REPUBLIC OF PANAMA

### Commissioners Hold Conference but Panama's Representatives Decline to Accept Concessions From Colombia.

Colon, Nov. 20.—The Panamanian commission to day met aboard the steamer Canada members of the Colombian commission, who made strong appeals to the Panamanians for the Colombian republic, promising concessions and protection. Panamanians unimposedly declined everything. At the termination of the conference the Panamanians and Colombians breakfasted together on board the Canada. The Colombians appeared ignorant of the true state of affairs on the isthmus, particularly of the rapidity of developments and friendliness of the United States. They were informed of the signing of the canal treaty and this morning Governor Melendez communicated to them a message he had received from the junta to the effect that the United States guaranteed the sovereignty and independence of the republic of Panama. These facts opened the Colombians' eyes to the truth and affected their attitude toward Panamanians.

The Colombian and Panamanian commissioners went ashore and arm in arm walked to the end of the dock, where a hundred soldiers of the new republic formed in two lines and presented arms. As the commissioners passed through the lines drums were beaten and bugles sounded. The party afterward rode about the city in a carriage.

The conference was continued informally this afternoon, when a document was drawn up and signed by all commissioners, setting forth details of the conference. General Holguin of the Colombian commission asked, finally, if the Colombians could do anything whatever to regain the isthmus, and Senor Arias answered it was decidedly and absolutely impossible. He, however, expressed the desire of isthmians for close and friendly relations with Colombia.

The question of Colombia's recognition of the republic of Panama and Colombia's possible equity in the canal, railroad and other interests of the isthmus was not broached.

GENERAL REYES INTERVIEWED. Colon, Nov. 20.—The Associated Press had an interview this afternoon with General Reyes, distinguished Colombian soldier, who came to the isthmus on a peace mission, representing his government. He said he was going to Washington for the purpose of doing his utmost to amicably arrange affairs. He said Colombia is desperate and he doubted if the Washington government realized the seriousness of establishing a precedent in recognizing Panama. He said it would stimulate the ambition of the German colony in Rio Grande do Sul, Brazil, which is inclined to independence. Reyes said he assured Admiral Coghlan that Colombia would not attempt to land troops on the isthmus until he reached Washington. "I also told Admiral Coghlan," said Reyes, "that if my efforts at Washington failed to bring about some arrangement concerning the present situation on the isthmus satisfactory to Colombia the United States would have to fight the entire Colombian people and that it would be a second Boer war."

"I may propose when in Washington a plan contemplating re-entrance of Panama into the Colombian union and moving of the Colombian capital to Panama city. I am sure that this idea will receive the support of all Colombians. I do not just know what my course of action will be, but I am going to Washington in the interests of Colombia and of civilization."

Asked whether Colombian troops could reach the isthmus by land, Reyes answered: "Yes; I can get 100,000 men, build roads, and, if it were not for Americans, could subdue the isthmus in a fortnight. I would rather die for honor and in defense of the integrity of my country than sit with hands folded and see her lose the isthmus."

Reyes to day sent a cablegram to Bogota advising his government it was impossible to reach any agreement with Panama and hence Colombia's relations with that government were severed and that he, accompanied by other commissioners, was proceeding to Washington to fulfill his mission.

WANT BODIES RECOVERED. Peking, Nov. 20.—Sheriff Clay and Superintendent Barnard of the Big Four clashed at the scene of the Tremont wreck to day. Barnard wanted to burn the wreckage but Clay insisted that the five bodies unaccounted for should be found before the debris is burned. The people insisted that the sheriff's position be respected.

ROYAL VISIT ENDED. London, Nov. 20.—The visit of the Italian sovereigns to England practically terminated to night with a banquet to the monarchs and their suites in Windsor castle. The visit was a successful one and the Italian sovereigns were well received by the British sovereigns.

## WERE ACQUITTED

### Second Trial of Miller and Johns Results in Favor of Defendants—Had Jollification.

### Inquiries for Holiday Goods Exceeded Last Year's—Labor Troubles and Gloomy Building Outlook are Unfavorable Features

Cincinnati, Nov. 20.—D. V. Miller and Joseph M. Johns, on trial during the week on charge of conspiracy to extort a bribe from John J. Ryan, made by the postoffice department, were acquitted. The jury in the first trial a month ago disagreed. The jury was out six hours and it is understood a majority favored acquittal from the start and unanimous vote was reached after an examination of documents used in evidence.

The verdict was a surprise, as friends of the defendants considered the judge's instructions so strong that they expected nothing better than disagreement.

Following announcement of the verdict and retirement of court officers friends of the defendants engaged in a tumultuous jollification.

Government officials state this case is not like any of the postal cases pending, as this case simply dealt with the action of Miller when he was assistant attorney in the postoffice department.

NORTHERN SECURITIES. Philadelphia, Nov. 20.—President Hill of the Northern Securities company was in the city to day. In this connection the Record says: "From an authority close to Mr. Hill it was learned that, on advice of counsel, it had been decided to surrender every right granted under the New Jersey corporation law to the Northern Securities company, excepting that of purchasing such securities as the management may see fit to obtain from an investment point of view."

"The right to vote stock in the Great Northern, Northern Pacific and Chicago, Burlington & Quincy railways is to be renounced, as is also the right of the securities concern to have any voice in the management of those railroads."

"The securities company is to declare before the federal supreme court that each of these big railroads is to be continued under separate managements and that there is to be no community of interests agreement between them; in fact, they are to be maintained as separate companies and each to have individual management and offices, as before the merger under the securities company charter."

"The meaning of this is, according to one of the attorneys for the securities company, that the judgment of the circuit court of appeals April 3 last declaring the merger void, is honored by the company and that it merely desires to have the supreme court pronounce it a lawful corporation in that all possible objections alleged to conflict with the United States anti-trust law have been removed."

MUST NOT READ BIBLE. Lincoln, Nov. 20.—The supreme court of Nebraska to day issued a writ of mandamus against the teacher of district school No. 21, Gage county, ordering her not to read the Bible to her pupils. The case was tried some time ago, the supreme court deciding sectarian knowledge should not be imparted in public schools. The teacher continued to read the Bible and Daniel Freeman sued for a writ of mandamus.

DIETRICH WILL GO TO OMAHA. Washington, Nov. 20.—Senator Dietrich will start for Omaha to morning morning to surrender to authorities in that city because of his indictment on a charge of conspiracy in connection with postoffice patronage. Dietrich reiterated to night the assertion that he would demand an immediate hearing.

HISTORICAL PAINTING ACCEPTED. Washington, Nov. 20.—The painting by the French artist Chattran, representing signing of the protocol of peace between the United States and Spain, presented to the government by H. C. Frick, of Pittsburgh, was to day accepted by President Roosevelt. It will be hung in the same room where the scene it portrays took place.

GREAT BRITAIN APPEALS CASE. Indianapolis, Nov. 20.—The United States circuit court to day granted a motion of the British government for appeal to the supreme court of the case of Lynchbaum, the Irish fugitive.

THE BEST REMEDY FOR CROUP. (From the Atchison (Kan.) Daily Globe.) This is the season when the woman who knows the best remedies for croup is in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The croup remedies are almost as sure to be lost, in case of croup, as a revolver is sure to be lost in case of burglars. There used to be an old fashioned remedy for croup, known as live syrup and told, but some modern mothers say that Chamberlain's Cough Remedy is better, and does not cost so much. It causes the patient to "throw up the phlegm" quicker, and give relief in a shorter time. Give this remedy as soon as the croupy cough appears, and it will prevent the attack. It never fails to relieve, and is safe to take. It is available by all druggists.

## COLD WEATHER HELPS TRADE

### MORE DEMANDS FOR SEASONABLE LINES

### Inquiries for Holiday Goods Exceeded Last Year's—Labor Troubles and Gloomy Building Outlook are Unfavorable Features

New York, Nov. 20.—Bradstreet's review of trade says: Colder weather has greatly stimulated retail trade and incidentally quickened jobbing demand in seasonable lines. In some sections inquiries for holiday goods exceed last year's, a feature being the high grade of materials taken. Interior retailers (helped by propitious agricultural conditions, are reported meeting obligations more promptly. Farming interests are apparently in good financial condition and the inference of that seems to be evidenced by the fact they display an unwillingness to part with their surplus products at anything less than what they deem satisfactory prices. Railway earnings are still good, increase in gross receipts the first half of November being 5½ per cent.

While the foregoing are favorable developments of the week, the fact must not be overlooked labor troubles, gloomy outlook for building, closing down of iron and steel mills, blast furnaces and leather tanneries and continued hesitancy in buying of practically all commodities are factors that mar the industrial as well as commercial fabric.

Wheat, including flour, exports for the week were 2,574,000 bushels, against 5,278,000 this week last year. For twenty weeks of the cereal year, 64,576,000 bushels, against 106,257,000 in 1902.

Corn, 1,322,000 bushels, against 243,000 a year ago. For twenty weeks of the cereal year, 22,983,000 bushels, against 2,338,000 in 1902.

DUN'S REPORT. Dun's report for the week says: Labor organizations are accepting reductions in wages without controversy, which removed one threatening industrial factor, and in several branches of business orders are more numerous, but in the steel industry there is little expectation of liberal buying until 1904. Construction work is decreasing despite optimistic reports of more building permits issued last month than a year ago. Mild weather still checks the distribution of merchandise usually in brisk demand at this season. A week has passed without further reduction in prices of iron and steel and the sentiment in trade favors stability at the present position.

Machinery and hardware have felt the reaction less than structural material and other heavy shapes, while new shipbuilding plants and machinery for the Panama canal are encouraging features of the future. Minor metals are quiet, aside from some speculative fluctuations at London.

Orders for cotton goods increase gradually, both for immediate shipment and forward delivery, and there is less disposition on the part of purchasers to secure concessions in quotations. Woolen goods await the stimulus of lower temperature, but meanwhile the tone is not firm.

Failures this week 249 in the United States, against 286 last year.

TOOK CARBOLIC ACID. St. Paul, Nov. 20.—Mrs. Frank Kovarik, fearing death as the possible consequence of birth of a child, gave two of her children carbolic acid and drank some of the poison herself. Physicians summoned saved the children and hurried the woman to a hospital. There surgeons performed the operation known as caesarean section and delivered a child they believe will live. Little hope is entertained of the mother's recovery.

BANK CLEARINGS. New York, Nov. 20.—Total bank clearings compiled by Bradstreet's for the past week were \$2,112,572,192, a decrease of 21.4 per cent compared with the corresponding week last year.

REFUSED TO PAROLE HAMILTON. St. Paul, Nov. 20.—The state board of control to day refused to parole Frank H. Hamilton, the Minneapolis newspaper man who is serving a sentence for killing Leonard Day, a millionaire, in the West hotel, Minneapolis, Nov. 25, 1900.

MADE FALSE AFFIDAVITS. Springfield, Nov. 20.—Jonathan McGee, of Jerseyville, pleaded guilty in the United States court to day to making false affidavits to a claim for a pension and was sentenced to four months in jail.

POSTAL CASES POSTPONED. Washington, Nov. 20.—Trial of the postal cases of August W. Machan, Groff brothers and Mrs. Lorena arranged to begin here next Monday were postponed until January 11. The government is not ready to proceed.

## MURDERERS PUT TO DEATH

### Peter Mortensen Shot in Prison—Tom Horn Hanged at Cheyenne—Execution at Geneva Illinois

### Adjustment of the Difficulty is Placed in the Hands of Col. E. R. Bliss and Clarence Darrow—May be Settled To Day.

Salt Lake City, Utah, Nov. 20.—Peter Mortensen was shot to death in the yard of the state prison at 10 o'clock this morning for the murder of James R. Hay, in December, 1901. Mortensen was indebted to a lumber company of which Hay was secretary for material and had been urged to make payment. Dec. 16, he called at the office of the company and said he had the money in gold concealed in a cellar and asked Hay to come around that night and get it. The men were neighbors. Hay left the house in the evening, saying he was going to Mortensen's to collect some money. That was the last seen of him alive. Dec. 18 Hay's body was found buried in a shallow grave in the middle of a pasture not far from Mortensen's home.

MURDERERS HANGED. Cheyenne, Wyo., Nov. 20.—Tom Horn was hanged to day for the murder of Willie Nickel, the 14 year old son of E. Nickel, an Iron Mountain ranchman. No attempt at rescue was made and the execution passed off quietly.

GENEVA, ILL. Nov. 20.—Antonio Romano, an Italian, who murdered Nicholas Tomaso at Aurora last February, was hanged here today. He showed signs of weakening and almost fell upon the scaffold just before the drop was sprung.

SHIP SUBSIDY. New York, Nov. 20.—Senator Hanna was one of the principal speakers at the banquet of naval architects to night, responding to the toast, "Merchant Marine and Subsidy." He spoke emphatically in favor of a subsidy and said it was one of the issues in the recent Ohio campaign and was well received. He told farmers that if there should be a war between this and any other important maritime country their grain would not in their granaries without any auxiliary to our navy. He believed if the people understood the question of subsidy better there would be little opposition to it.

WILL RECOGNIZE PANAMA. St. Petersburg, Nov. 20.—Officials of the foreign office say Russia doubtless will recognize Panama and in due time will come construction of a neutral canal.

PANAMA, Nov. 20.—The Chinese vice consul yesterday officially notified the junta China recognized the de facto government of Panama.

ENGLAND AND ITALY AGREE. London, Nov. 20.—The Associated Press understands as a result of a conference yesterday between Foreign Minister Tittoni and Foreign Secretary Lansdown perfect accord was reached between Great Britain and Italy on matters affecting their foreign policies.

CALL FOR REPORT. Washington, Nov. 20.—The comptroller of currency has issued a call for condition of national banks at the close of business Nov. 17.

A POLICEMAN'S TESTIMONY. J. N. Paterson, night policeman of Nashville, Tenn., writes: "Last winter I had a bad cold on my lungs and tried at least a half dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Sold by J. A. Obermeyer, City Drug Store.

BLACKLEG APPEARS. Vandalia, Nov. 20.—A fatal malady known as blackleg has been killing cattle in different parts of the country during the last four or five weeks. Some forty or fifty head have died in all, the greatest fatality being in Kaskaskia township. Dr. M. Hart, veterinary surgeon, has been treating the affected herds and has vaccinated over 500 head. He believes the disease is now practically under control.

STEAMER MAY BE LOST. Seattle, Wash., Nov. 20.—The steamer Discovery, which left Nome Oct. 15 with fifty to sixty people on board, including thirty-one passengers, has not been sighted since Oct. 23. Shipping men believe she will never reach port.

DIED FROM WOUNDS. Denver, Nov. 20.—Joseph Soric, who was shot Wednesday night in a desperate struggle with Father Lepore, succumbed to wounds today. The secret of the tragedy was probably lost when death claimed both men.

AIRSHIP BLEW UP. Paris, Nov. 20.—The Lebaudy airship on descending today near Meudon struck a tree, blew up and was completely destroyed. The occupants were uninjured.

NEW YORK, Nov. 20.—At a meeting of manufacturers of bar iron east of Pittsburgh it was decided to reduce the output by at least fifty per cent and to run mills on part time an indefinite period, owing to over production. About 9,000 employees are affected.

### STREET RAILWAY STRIKE NEAR AN END.

### Adjustment of the Difficulty is Placed in the Hands of Col. E. R. Bliss and Clarence Darrow—May be Settled To Day.

Chicago, Nov. 20.—But two points prevented a peaceable adjustment of the street railway strike to day and indications to night are these obstacles will be overcome and a settlement be reached to morrow. A virtual cessation of hostilities has been declared by both sides while present peace negotiations are in progress and as all interested parties appear to be making every effort to bring the struggle to an end, there seems likelihood all differences will be modified to such a degree that arbitration will follow.

Col. E. R. Bliss, general counsel for the company, and Clarence Darrow, counsel for the strikers, were given authority by each side to act for the parties to the controversy. These two had a conference and agreed upon a basis of settlement which will be submitted to the company's directors to morrow for final action. The decision of the board of directors will then be sent to Mayor Harrison and the aldermanic committee, who will submit it to the executive board of the strikers' union.

After the conference between Bliss and Darrow it was learned the company had made two propositions to the union. The propositions were:

First—The company shall have the right to discipline and discharge employees as it shall choose, but this shall not be construed to mean that any discrimination is made against union or nonunion men.

Second—The company shall formulate methods by which grievances of its employees shall be adjusted in the future.

The understanding is the company laid down these two proposals as the basis principles which must be granted by the union before further negotiations could be entered upon.

Darrow submitted the company's proposition to the union, after which he said the strikers had accepted the proposal with immaterial modifications. In their turn the men submitted a proposition on the routing of cars. This is a matter that will come before the board of directors of the company to morrow morning for their consideration.

Four of the company's trunk lines were kept open for traffic to day, cars being run under police protection.

Darrow, who represents the strikers in negotiations for settlement, was one of the representatives of the coal-miners before the board of arbitration selected by President Roosevelt to settle the anthracite strike in Pennsylvania.

WANTS DRAINAGE CANAL FIGURES. Washington, Nov. 20.—Representative Rainey, of Illinois, introduced a resolution requesting the secretary of war to furnish congress information as to the amount of water admitted to the Illinois river from the Chicago drainage canal; how much would be admitted when the Chicago river is widened and other channels constructed from lake Michigan; how much the water level in the Illinois river has risen when the full amount of water required by the Illinois drainage act is admitted; whether the canal has not arrived when the "slack-water system" navigation" should be abandoned, and what the cost would be to maintain a seven foot channel in the Illinois river from LaSalle to the Mississippi river.

THE BIG MINSTREL SHOW. This is the eighteenth tour of the Al. G. Field minstrels, grown from a modest beginning until the show is now conceded to be the greatest of the kind in the world, and each year more managers try to secure this big attraction. This is not due altogether to the fact that each of these succeeding years has seen Field with a more expensive and greater show, but that during these eighteen years he has won the confidence of the public by fulfilling every promise he has ever made.

In speaking of this Mr. Field said: "I have found it pays in the long run to keep all promises made to the public. It is a business proposition pure and simple. The reputation that I have striven to build up might carry me through one season with a cheap show, but that would end it, so I do not consider it good business to allow my organization to deteriorate to the slightest extent. Therefore, my minstrels this season cost many thousands of dollars more than ever before."

The Field minstrels will be seen at the Grand Monday night.

Great military sacrificing sale to day at Herman's.

MISSIONARY MEETING. The Woman's Home Missionary society of Centenary church held a linen shower yesterday afternoon at the home of Mrs. M. H. FAITH AND FACT. Faith is one thing and fact is another, it sometimes takes a great deal of faith to produce one fact. Years of earnest work and faith have produced one fact about medicine that is deserving of mention here. If people who are troubled with general weakness, through overwork, dissipation or exposure, can get a remedy that will make rich red blood from the food they eat, their return to health is assured. Good blood is the life of the body as well as the nerves. Weak, sickly, pale people who suffer with indigestion, dizziness, sick headache, loss of strength and ambition, having dizzy spells and always tired, can be cured sound and well with Dr. Cassell's Food and Nerve Tonic. Sold by druggists for 50c per box or three boxes for \$1.50. This tonic acts as a common sense way, curing disease by giving strength to resist it. See Dr. Allen's Organ.

## HOUSE WARMING.

Roy and Mrs. C. G. Huff, of Chapin, recently commenced housekeeping on College hill near Chapin and were given a house warming by the members of the church, over which Mr. Huff labored with great success during the past year.

On Tuesday evening they were surprised by about seventy-five friends and neighbors, who took complete possession of the home, bringing a liberal supply of eatables and other articles useful in household economy. Light refreshments were served by the Ladies' Aid society.

The evening was most happily spent and evidences the high regard in which Mr. and Mrs. Huff are held by the people among whom they are ministering and also the hearty co-operation that exists between pastor and people.

Mr. Huff has just entered upon his second year as pastor of the Christian church of Chapin, and in this charge, which is his first since graduation from Eureka, he has been singularly successful.

Friday John N. Marsh, of this city, was 80 years old, and to test his agility and ability to get about, he walked from his home on Lockwood Place to the square in seventeen minutes, which his friends call pretty good for an octogenarian. He bids fair to be with his people for several years to come.

Thursday night as Dr. Robert Buckthorpe was riding home on his wheel he collided with some obstruction near the southeast corner of the square and he was thrown violently to the ground, and found his left shoulder blade was broken. Edward Scott and Frank Leach happened along and kindly assisted him to Dr. Black, who gave him proper surgical attention and he is getting about as well as could be expected, but he says next time he rides so fast at night on his wheel he will walk.

## THE MATRIMONIAL RECORD.

SKINNER-ARMENTROUT.

Miss Edith Valentine Armentrout, daughter of Rev. and Mrs. A. C. Armentrout, was recently married at her home in Griggsville to Kyle Skinner, of this city.

The bride was charmingly attired in a very light gray silk crepon. The ring bearer, little Miss Sue Wade, niece of the bride, was dressed in pink silk crepe de chine and carried white chrysanthemums. After the ceremony, elegant refreshments were served. They received many useful and costly presents, as tokens of the esteem in which they were held by their many friends. Mr. Skinner is a former Griggsville citizen, but for the last two years has held a position as clerk in Capps' mills.

BERGER-ZAHN.

Thursday evening at 6 o'clock, at the home of the bride's parents, Mr. and Mrs. Henry Zahn, who reside one mile west of Arcenzville, the marriage of their daughter, Lucetta Zahn to John G. Berger, of Meredosia, took place. The ceremony was performed by the Rev. Mr. Temple, of Emden, Ill., the bride's sister, Ella Zahn, acting as bride's maid, and Oliver Hackman as best man.

The house was beautifully decorated with white chrysanthemums and evergreen and the marriage ceremony took place in the parlor underneath a beautiful arch.

SIGMA PI.

Sigma Pi society held their regular meeting in Beecher hall Friday evening and the following program was given: Declamers: T. E. Wylder, "Selections from the Christian"; Belatti, "Gratton's Reply"; Reader: Osborne, "Fall of Thomas Oakley"; Essayists: Jay Wemple, "England's Bread Problem"; Scott, "Quarantined With a Circus"; Carriel, "A New Republic." Extemporaneous speech: Brockhouse, "The Joint Debate."

Debate: "Resolved, that the federal government should regulate the law of divorce." Affirmative: Brockhouse, R. E. Harmon and Rowe. Negative: Spencer and Brown. Ability and merit awarded affirmative.

CENTENARY OYSTER SUPPER.

The oyster supper and sociable given at Centenary church Friday evening for the benefit of the Sunday school was a splendid success. There was a large attendance and a program of music and songs was much enjoyed. A feature of the musical entertainment was the Victor graphophone operated by Charles Price. Other who contributed to the pleasure of the evening were Miss Carrie Ewert, Miss Major, Miss Josephine Chambers and the Centenary trio.

The committee in charge are deserving of credit for the successful management of the sociable.

WEDDING ANNOUNCED.

Cards have been received announcing the approaching marriage of E. D. Scott, a prominent young farmer of the county, and Miss Anna Bollar, the ceremony to take place at the home of the bride's parents, Mr. and Mrs. James M. Bollar, at 1325 North Fourteenth street, Kansas City, Kan., next Tuesday evening, Nov. 21. A reception will be tendered the newly-wedded couple at the home of the groom's parents, Mr. and Mrs. Sylvanus Scott, Thanksgiving day. They will be at home to their friends at Elm Flat farm after Dec. 6.

HAVE CLUB HOUSE.

Five Chapin citizens, Arthur L. French, H. F. Kormeyer, R. Duckett, Lew Alderson and T. U. Markham, have just finished building a club house at Meredosia lake. The house is 14x24 feet in dimensions and is very conveniently arranged for the purposes intended.

## CORONER'S VERDICT

Evidence Concluded in Inquest Over Remains of James McCloskey.

The coroner's jury convened Friday morning at 9 o'clock to conclude the investigation as to the cause of the death of James McCloskey, whose remains were found beside the Wabash railroad Wednesday morning. The testimony of two more witnesses was heard.

George H. Hall, of near Alexander, was notified about 11 o'clock Wednesday morning to take a hand-car and go down the track about one mile and a quarter east of Alexander to get a man who had been reported lying near the track. He found the body of McCloskey lying in the ditch about ten feet north of the track. From appearances the man seemed to have been dragged quite a distance. Mr. Hall and those with him placed McCloskey on the hand-car and took him back to the station.

J. J. Flynn, conductor on extra No. 205 was the second witness before the jury and he stated that about 9 o'clock while passing about a mile east of Alexander, he saw a man lying in the ditch beside the track. He stopped the train and walked back to where the man lay and found the body stiff and frozen, the man having been killed several hours previous. At the next stop he notified the train master at Decatur. Mr. Flynn gave it as his opinion that the man had crawled from the track to the point where he was lying.

The jury returned a verdict to the effect that McCloskey came to his death under a Wabash train and no one was held responsible.

### INDICATIONS.

Washington, Nov. 21.—For Illinois: Fair Saturday and Sunday; warmer Saturday; fresh south winds.

### CITY MATRON.

Friday afternoon a meeting of representative women was held at the First Baptist church to consider the need of Jacksonville of a city or police matron. The gathering was made up of women chosen from the churches and from the various women's clubs and was composed of those ladies who have long been interested in the improvement and betterment of our city. The meeting was called to order by Miss Blunt, the temporary chairman. An official organization was made by electing Mrs. E. C. Lambert permanent chairman.

Miss Blunt gave a brief history of the work of the Jacksonville Rescue Home and said that now it was to be removed to Springfield there would be open here a wide field for the work of a city matron; that many women and children could be most successfully and adequately helped by such an officer, and that many would start or continue on a downward path except for the efforts of such a woman clothed with official power.

Mrs. Otto, superintendent of one of the large Rescue Homes in St. Louis, spoke in detail and most interestingly of the duties of a police matron and of the opportunities for the prevention of crime that such a woman would have.

After a discussion that clearly brought out the needs of Jacksonville along this line, it was moved and carried unanimously that the chair should appoint a committee of six, whose duty it should be to recommend to the city government a suitable person for matron and suggest what her duties should be. The following committee was named: Mrs. David Reid, chairman; Mrs. William Russell, Mrs. H. F. Carriel, Mrs. Gus Hoffman, Mrs. C. E. Black and Dr. Josephine Milligan.

An adjournment was taken after a rising vote of thanks was given Miss Blunt for her kindly zeal in bringing the matter before the public and in calling the meeting.

Josephine Milligan, Sec.

### Y. M. C. A. NOTES.

Col. George Hutton will give an account of the New England Thanksgiving at the G. B. M. at 3 p. m. and Miss Bertha Anderson will sing. Everybody in the city should be present.

Rev. T. B. Smith will speak at the men's meeting at 4 p. m. Good music and live talk. All men welcome.

Foley's Honey and Tar always stops the cough and heals the lungs. Refuse substitutes. For sale by J. A. Obermeyer, City Drug Store.

### Quite Comfortable

"Liquid comfort" is not the only good. There's solid satisfaction—real, lasting benefit in

### "IDEAL" COAL

The excellence of this fuel is proved by the large number of coal users who would rather have "Ideal" than any other.

Best way to understand this is to send us an order—for a bushel at 12 cents, or a ton at \$3.00. "The proof of the pudding" is—the way the pudding's cooked. "Ideal" coal proves the pudding—every time. Makes cook cheerful. Costs but little.

Wood fires will be acceptable during these damp, chilly evenings and mornings.

### THE DEATH RECORD.

#### WALPOLE.

Mrs. Carey Walpole died Friday at her home near Perry, Ill. She was a near relative of Mrs. Buckthorpe and Mrs. Cocking, of this city, and one of the earliest settlers of this part of the state.

The funeral will be held in Perry Sunday morning at 11 o'clock.

#### WISE.

Fred Wise, who lived about one mile from Merritt, died recently. He was riding his horse from the field without bridle or halter and was thrown off and injured. The deceased was about 80 years old. His funeral was held at Concord. He was a veteran of two wars.

#### FUNERALS.

##### MCLOSKEY.

The funeral of James McCloskey, the man killed on the Wabash railroad Wednesday, was conducted from the Anderson undertaking establishment Friday afternoon at 2 o'clock, only brief services being held, which were in charge of Rev. R. F. Thrapp. The bearers were Thomas Graves, David Melton, Thomas Haynes and J. A. Goltz. Interment was made in Jacksonville cemetery.

#### AT THE GRAND.

Andrew Robson and company appeared at the Grand opera house last night to present E. E. Rose's dramatization of Churchill's novel, "Richard Carvel." A large audience was present and the production was enjoyed. The scenery is elaborate and the costumes unusually handsome. The play itself, however, is rather disappointing, as it seems to lack forcefulness and absorbing interest. It is thus far from being an excellent vehicle for Mr. Robson's talent, and Jacksonville liked his "The Royal Box" better. Miss Lucille Veronica appeared in the charming role of Dorothy Manners and Miss Priscilla Knowles as Patty Swain. Others in the cast were Harry O'Connor, Carson Davenport, W. B. Downing, Arthur Bentley, Virginia Milton and Margaret Gallagher. Of the minor characters Carson Davenport as Goble attracted particularly favorable notice. The entertainment was enjoyable, for Mr. Robson and his company brought out all there was in the play.

### PHYSICIANS PRESCRIBE IT.

Many broad minded physicians prescribe Foley's Honey and Tar, as they have never found so safe and reliable a remedy for throat and lung trouble as this great medicine. Sold by J. A. Obermeyer, City Drug Store.

#### THREE REWARDS.

Governor Yates has offered a reward of \$200 for the apprehension and arrest of Fred Strube, the alleged murderer of Alice Henniger, of Havana, who was found dead last Sunday in a lonely wood about six miles east of Havana, partially buried under earth and leaves. The reward was offered at the request of the state's attorney of Mason county.

Another reward of \$200 was offered by the governor for the arrest and conviction of Rufus Hall, who assaulted and killed Fred Walters in East St. Louis on the afternoon of Sept. 16. Walters was struck on the head with an iron hook. Hall disappeared after the murder.

The governor also offered a reward of \$200 for the apprehension and conviction of the persons who, on Saturday night, Nov. 7, assaulted and killed Charles E. Martin on the streets of the city of Carrollton. The persons who committed the assault have not been identified.

#### CARD FROM HATCH.

We do hereby agree to refund the money (25 cents), on every bottle of Dr. Howard's Specific for the cure of constipation and dyspepsia, if it fails to cure you of constipation, dyspepsia, liver trouble, or sick or bilious headaches.

Each bottle contains 60 doses of concentrated medicine, sufficient for a month's treatment.

If the Specific does not cure you, all you have to do is to say so, and your money will be returned promptly.—Hatch.

### A GOOD RECORD

Nine children, ranging from 6 to 20 years of age, and all attending schools in this city, is the proud record of Mr. and Mrs. D. E. Sweeney. Mr. Sweeney is 49 years of age and his wife is a few years his junior.

This is the largest number of children from one family attending school in the city, and so far as can be learned there is not a family in this or surrounding counties that can equal this record.

Mr. Sweeney is American born, but his wife was born in Ireland of Scotch-Irish parentage. For twenty-eight years he has been in the employ of J. S. and G. S. Russell, and holds a position of trust and confidence with that firm.

The oldest child, Miss Hannah Sweeney, is attending Brown's Business college in this city, having completed her education in the public schools. She is 20 years of age. Mamie, 19 years of age, is attending the high school and Scott, 17 years of age, is a pupil at the same institution. Bessie, 16 years old, is also in the high school. Annie, 14 years of age, is in the seventh grade and John, 13, is in the same grade. Ethel, 11, is in the fourth grade and Catherine, 8, is in the second grade. The youngest child, Lena, started to school last September.

Mr. and Mrs. Sweeney are both anxious that their children shall be equipped with a thorough education and are giving them every advantage along educational lines possible and that suits their individual tastes.

### SUCCESSFUL SOCIAL.

A most successful box social was held at the Ruble school house near Alexander and \$27.48 was realized for the encyclopedia fund. At the social George Ruble acted as auctioneer and proved the right person in the right place. After the boxes had been sold a vote was taken to determine the handsomest lady present, and Miss Zora Wackerle received 680 votes and Miss Elsie Waters 573. A corn cake was offered for the homeliest couple present and this went to Chas. Casson and Miss Elsie Waters. William Carson received a cane as being the most popular gentleman present, and William Braker was presented with a cotton pie for being the largest gentleman present.

#### THOMASON SALE.

The Al. Thomason sale was held at the Thomason farm south of Lynnville Thursday and the large crowd present made the bidding brisk. Good prices prevailed generally. Yearling steers brought \$32.50. Two cows were bought by Arch McKinney, of Chapin, for \$61 and \$61.50. Sheep sold for \$5.00. Shoats brought from \$6.90 to \$8.55. Horses sold for \$75 to \$150. One Motor colt brought \$150. One hundred and fifteen head of hogs were sold, fifty-five sheep and a number of other farm implements. The total proceeds from the sale amounted to \$2,070.10. Capt. John E. Wright acted as auctioneer and M. J. Clerihan was the clerk.

**CONGREGATIONAL CHURCH BAZAAR AND MARKET.** Monday afternoon and evening. Sale opens at 12:30 o'clock (not before). Supper served in the parlors from 5 until 8 o'clock.

#### I. O. O. F.

Members of Illini lodge No. 4 are requested to meet at the hall Sunday, Nov. 22, at 1:30 p. m. sharp to attend the funeral of our late Brother, J. M. Coons. Members of Ufania lodge No. 243 are invited to attend. A. B. Williamson, N. G. J. A. Obermeyer, Sec.

#### FUNERAL NOTICE.

The funeral of Esquire John M. Coons will be held Sunday afternoon at 2 o'clock at the First Baptist church. Interment will be in Acadia cemetery. Friends desiring to view the remains will please call at the house on West Court street before Sunday noon.

### PLAYED TIE GAME

Sophomores and Freshmen of Illinois College Seem Equally Matched in Foot Ball Strength.

At the West Side park Friday afternoon one of the most exciting and freely contested foot ball games of the season took place between the freshmen and sophomores of Illinois college. The game resulted in a score of 0 to 0. A large crowd was present and enthusiasm ran high. The cheering never ceased from the beginning to the end of the game, the freshman yell rising most often above the din. It was an ideal day for a foot ball game, not too cold for the spectators nor too hot for the players. Both teams fought with the fury of desperation and from a spectator's standpoint the game was fully as interesting as the "Varsity" contests, or the sophomores' Carriel was the only man that could gain ground. Van Gundy as guard put up an excellent defensive game. McDonald and Conover also were strong on the defense.

For the freshmen William Harmon and Simpson were always sure of gains of four to eight yards. Lashmet did some of the best tackling seen this year. McKinney broke through the sophomore line repeatedly and tackled the runner for a loss. Rowe, Harmon, Simpson and Post also put up some good defensive work. During the first half the sophomores' goal was threatened twice, and once only the repeated fumbling of the freshmen saved it. The contest was entirely in sophomore territory. In the second half the play was more in the freshman territory. They gained without trouble through the sophomore line, but after advancing the ball twenty or twenty-five yards would lose it on a fumble.

The freshmen kicked off to the ten-yard line and after a few plays the freshmen held for downs. They advanced to the twenty-five-yard line and the sophomores obtained the ball on a fumble. The sophomores on their thirty-five-yard line were forced to punt, but W. Harmon returned the ball to the same line. The freshmen again advanced the ball to the sophomores' ten-yard line, where the freshmen after three successive fumbles were forced to give up the ball. The half ended with the ball on the sophomores' twenty-yard line in their possession.

In the second half the sophomores kicked over the goal line and Harmon for the freshmen punted out from the twenty-five yard line. The sophs carried the ball to the twenty-yard line, where they were held for downs. Harmon, Simpson and Stevenson for the freshmen carried the ball back to the center of the field. This was kept up for the rest of the half and time was called with the ball on the freshmen's thirty-five-yard line. Osborne as quarter back managed the freshmen team well and made several long gains. Freeman for the sophs also used good judgment. The line-up:

Freshmen—Lashmet, right end; Simpson, right tackle; Thompson right guard; Wylder, center; Coultas, left guard; McKinney, left tackle; Post, left end; Osborne, quarter back; W. Harmon, right half; Stevenson, Orear, left half; Rowe, full back.

Sophomores—L. Hurie, right end; Sinclair, right tackle; Van Gundy, right guard; Scott, center; Spencer, left guard; Graves, left tackle; Tontz, left end; Freeman, quarter back; Carriel, right half; Conover, left half; McDonald, full back.

Referee—First half, Vickery; second half, Professor Stoope. Umpire—First half, Professor Stoope; second half, Vickery. Linesmen—Wemple and Kennedy. Halves—Fifteen and twenty minutes.

#### JOINT MEETING.

A joint meeting of the Forum was held yesterday and this was the program:

Music—Boys' quartet.  
Essay—Louise Smith.  
Declaration—P. Whitney.  
Reading—C. Peckham.  
Extemporaneous—H. Graves.  
Oration—C. Stuart.  
Declaration—A. Goodrick.  
Music—Jessie Yeck.

Debate: Resolved, That the United States should own and operate the coal mines. Affirmative, H. Graves, G. Massey, G. Rook; negative, E. DeSilva, Hazel Brown, Mary Doyle. Both ability and merits went to the negative.

#### SUGGESTS NEW PROBLEM.

Some years ago the directors of a certain school district borrowed \$10,000, interest at 7 per cent, coupons payable semi-annually. What tax did they levy to pay the interest and to create such a sinking fund as would just discharge the debt in ten years? C. C. Carter.

#### JUSTICE COURTS.

Esquire Arenz' court—George Palmer and Mike Rafferty were fined \$3 and costs for drunkenness. Sue Kirkpatrick was fined \$25 and costs for keeping a disorderly house. As inmates Annie Brown, Madeline Walker, Lizzie Thomas, Charles Bazel, Frank Trieppe and W. Wylet were each fined \$10 and costs.

**WHAT TO DO UNTIL THE DOCTOR ARRIVES.**

"One of my children was taken with cramp colic and suffered severely," says S. B. Elzee, of Monett, Mo. "I telephoned for a doctor, then gave a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and a few minutes later a second dose. Before the doctor came the child was relieved." For sale by all druggists.
